The National Webcast on October 17, 2007 will feature an interactive play written and performed for a 4th and 5th grade level audience. The play features interactive skits to help children learn more about cyber security and how to be safe when using computers and the Internet.

The play, which is being conducted in recognition of October as National Cyber Security Awareness Month, uses content from i-SAFE and will be acted out with members of the Plays for Living Organization.
